AUDD1472	Dulux Professional Ceiling Paint Black Flat Approved Version 3.0	✓	🔍
[view]			
DULUX PROFESSIONAL Ceiling Paint Black is a water based, interior, low VOC flat designed specifically for use on ceilings, and for blacking out ceiling cavities.			
AUDD1277	Dulux Professional Enviro2 Interior Flat Approved Version 16.0	✓	🔍
[view]			
Dulux Professional Enviro2 Interior Flat is a premium low VOC acrylic interior flat that displays high opacity and excellent coverage on walls and ceilings. With antibacterial and antimould properties, Dulux Professional Enviro2 will help keep painted surfaces cleaner and fresher for longer by helping prevent the growth of mould, mildew and bacteria. The low VOC and low odour formulation of Dulux Professional Enviro2 contributes positively to indoor air quality and reduced air pollution.			
AUDD1466	Dulux Professional Enviro2 Interior Tintable Ceiling Flat Approved Version 8.0	✓	🔍
[view]			
DULUX Professional Enviro2 Tintable Ceiling Flat is a low VOC acrylic specifically designed for use on ceilings. The dead flat sheen level helps to hide minor surface imperfections, and high opacity produces a smooth even finish. With antibacterial and antimould properties, Dulux Professional Enviro2 will help keep painted surfaces cleaner and fresher for longer by helping prevent the growth of mould, mildew and bacteria. The low VOC and low odour formulation of DULUX Professional Enviro2 contributes positively to indoor air quality and reduced air pollution.			
AU_DD01934	Dulux Professional Fast Finish Dry Fall Ceiling Black Flat Approved Version 2.0	✓	🔍
[view]			
A flat, premium acrylic ceiling paint designed specifically for spray application. It is formulated with DryFall properties which when applied to ceilings of minimum 2.7metres in height, dries to a powder and falls to the ground for easy clean up.			
AU_DD01933	Dulux Professional Fast Finish Dry Fall Ceiling White Flat Approved Version 2.0	✓	🔍
[view]			
A flat, premium acrylic ceiling paint designed specifically for spray application. It is formulated with DryFall properties which when applied to ceilings of minimum 2.7metres in height, dries to a powder and falls to the ground for easy clean up.			
AUDD0146	Dulux Professional interior Acrylic Flat Approved Version 9.0	✓	🔍
[view]			
DULUX PROFESSIONAL Interior Flat Acrylic is a water based, acrylic interior flat with extremely high opacity and is ideal for walls in low traffic areas and ceilings with high side lighting.			
AUDD0168	Dulux Professional Interior Tintable Ceiling Paint Flat Approved Version 11.0	✓	🔍
[view]			
DULUX PROFESSIONAL Interior Tintable Ceiling Paint is a water based, acrylic interior flat designed especially for ceilings. Tintable to a wide range of colours.

AU_DD01908	Dulux Professional DryErase Clear Coat Gloss	✓	
Approved Version 6.0			
[view]			
Dulux Professional DryErase Clear Coat is two pack, roller applied whiteboard paint that transforms a painted surface into an erasable canvas. It is easy to apply and is suitable for both residential and commercial applications.			
AUDD0142	Dulux Professional Exterior Acrylic Gloss	✓	
Approved Version 7.0			
[view]			
DULUX PROFESSIONAL Exterior Gloss Acrylic is a durable, exterior 100% acrylic gloss with good wet edge for lapping, minimum roller spatter and roller fly-off and excellent hold up on high spots.			
AU_DD01932	Dulux Professional Fast Finish Water Based Enamel, Gloss	✓	
Approved Version 1.0			
[view]			
Premium, water based enamel that is ideal for doors, windows and trim. Can be used in most areas where traditional oil based enamels are used, with all the time saving benefits of an acrylic paint.			
AUDD0150	Dulux Professional Polyurethane Gloss	✓	
Approved Version 7.0			
[view]			
DULUX PROFESSIONAL Polyurethane Gloss is an interior quick drying tough polyurethane modified alkyd clear finish with excellent gloss and abrasion resistance.			
AU_DD01992	Dulux Professional SteriGuard Water Based Enamel Gloss	✓	
Approved Version 1.0			
[view]			
Dulux Professional SteriGuard Water Based Enamel is a premium, hard wearing and chemical resistant interior/exterior water based enamel designed to withstand cleaning cycles in clinical environments. The low odour formula ensures quick return to service with less disruption. Dulux Professional SteriGuard Water Based Enamel contains Bio-Pruf™ Technology, which when combined with clinical cleaning programmes, helps assist in the protection against mould and bacteria to keep surfaces clean and help maintain good indoor air quality.

AUDD1274	Dulux Professional Enviro2 Interior Low Sheen	✓	
Approved Version 19.0			
[view]			
Dulux Professional Enviro2 Low Sheen Interior Acrylic is a premium, washable, hard wearing, new generation low VOC acrylic product that provides an elegant low sheen finish for interior walls in general living areas. With antibacterial and antimould properties, Dulux Professional Enviro2 will help keep painted surfaces cleaner and fresher for longer by helping prevent the growth of mould, mildew and bacteria. The low VOC and low odour formulation contributes positively to indoor air quality and reduced air pollution.			
AUDD0144	Dulux Professional Exterior Acrylic Low Sheen	✓	
Approved Version 11.0			
[view]			
DULUX PROFESSIONAL Exterior Low Sheen Acrylic is an excellent exterior 100% acrylic low sheen finish with very good durability, wet edge for lapping and hold up on rough surfaces.			
AUDD0167	Dulux Professional Interior Acrylic Low Sheen	✓	
Approved Version 17.0			
[view]			
DULUX PROFESSIONAL Interior Low Sheen Acrylic is a scrubbable long lasting low sheen, acrylic paint giving excellent interior performance. It is designed to give outstanding application properties and appearance.			
AU_DD01990	Dulux Professional SteriGuard Durable Acrylic Low Sheen	✓	
Approved Version 3.0			
[view]			
Dulux Professional SteriGuard Durable Acrylic Low Sheen is a premium, hard wearing and chemical resistant interior water based product designed to withstand general cleaning cycles in clinical environments on new or previously painted broadwall surfaces. Dulux Professional SteriGuard has been specifically formulated to be used in these clinical environments. The low VOC*, low odour formula ensures quick return to service with less disruption. Dulux Professional SteriGuard contains Bio-Pruf™ Technology, which when combined with general clinical cleaning programmes, helps assist in the protection against mould and bacteria to keep surfaces clean and help maintain good indoor air quality.			
AU_DD02033	Dulux Professional SteriGuard Ultra Clear Low Sheen	✓	
Approved Version 1.0			
[view]			
Dulux Professional® SteriGuard® ULTRA Low Sheen Clear is a two part durable polyurethane for interior use. When mixed, uses Bayhydro® Water Based Technology from Bayer MaterialScience to produce an ultra tough, chemical resistant interior finish designed to withstand high intensity cleaning cycles in clinical environments. The low VOC*, low odour formula ensures quick return to service with less disruption. Dulux Professional SteriGuard ULTRA Low Sheen Clear contains Bio-Pruf™ Technology, allowing it to withstand clinical cleaning cycles, therefore assisting in the protection against mould and mildew growth, helping to keep surface clean and help maintain good interior air quality. All Dulux Professional products are designed to meet the application needs of painters.
